Proposed Change:	Align the actual DOE FIMS Data Validation Reporting Form with data elements listed on the Data Validation Worksheet (i.e., Data Element #1 on the Data Validation Worksheet is 'Property Type;' the first line item on the DOE FIMS Data Validation Reporting Form is 'DOE Owned/Ingrant Indicator' [Line Item #3 on the Data Validation Worksheet]).				
Justification:	Ease of data flow is an essential piece to a data validation; aligning the DOE FIMS Data Validation Reporting Form with the Data Validation Worksheet would greatly improve this flow process.
