Proposed Change:	<p>Add a new OSF Usage Code for slabs used as a protective cap.</p> <p>2920 This usage code should be used for a slab (constructed of any material) that remains after the demolition of an asset or for a newly constructed slab, with the purpose of protecting underlying contaminants. This usage code differs from 6779 Paving, which is just simply a covered land area with no further requirement.</p> <p>Unit of Measure: SQFT FRPP Usage Code: 80 Other, Unit of Measure: Each</p>
