Change Request #: 14-14**

Requestor Name:	Larry Bridges	Date:	8/4/2014	Affiliation:	
Email Address:	Larry.Bridges@nnsa.doe.gov	Phone No:	202-586-0571	DOE	X
Program Office:	NNSA			Contractor	
Proposed Change:	Activate Mission Dependency for all facilities/assets independent of ownership within NNSA.				
Justification:	<p>Currently Permitted facilities (P) and GSA Owned or Leased (G or L) have Mission Dependency greyed out.</p> <p>NNSA needs to include other facilities, like the new Botts Road campus at the Kansas City Plant (GSA Leased), to properly align mission priorities. When important facilities are permitted or housed in GSA owned or leased facilities, we must take extraordinary care to manually include them in our analysis or risk losing them in data sorts.</p> <p>Adding these facilities to the mission dependency pool would add less than 159 out of over 6,363 - the added workload is minor.</p>

FAC Remarks:	08/19/2014 - FAC Recommend this change with the condition that the Mission Dependency fields for Permitted, GSA Owned and GSA Leased ownership types would be optional for all but NNSA sites.
