Change Request #: 15-06**

Requestor Name:	Larry Bridges	Date:	2/20/15	Affiliation:	
Email Address:	Larry.Bridges@nnsa.doe.gov	Phone No:	202-586-0571	DOE	X
Program Office:	NNSA			Contractor	
Proposed Change:	<p>The creation of the Manhattan Project National Historic Park highlights a requirement for a change in how historical structures are categorized/classified in FIMS. The current status "pick list" does not reflect the predominant physical/operation status of a non-operating asset that is considered to be of historical significance. These types of structures cannot be D&D'd. In order to classify the status of historical structures appropriately, NNSA recommends for all historical buildings:</p> <ol style="list-style-type: none"> 1. Excess Indicator = "Y" 2. Cant_Dispose = "Y" 3. Cant_Dispose_Reason = Populate the text field with the reason the property can't be disposed. 4. Status = Non-operating – Historical <p>For the Manhattan Project National Historic Park, NNSA recommends:</p> <ul style="list-style-type: none"> • Create a new Historic Designation for the Manhattan Project National Historic Park – say MPNHP (or possibly something shorter). 				
Justification:	<p>While most historic structures have been shutdown, they won't be dispositioned; they aren't operating with a current "DOE" mission.</p> <p>NNSA believes a new historical category needs to be created for Manhattan Project National Historic Park.</p>				
Please Do Not Type Below This Line					
FAC Remarks:	<ol style="list-style-type: none"> 1. The FAC recommends adding a new STATUS selection option for "Non-operating – Historic" 2. The FAC recommends adding a Yes/No dropdown menu (similar to Outgrant Indicator) or a checkbox (less preferred alternate) to the Property Info window located just below the Historic Designation data element that is labeled as Manhattan Project National Historic Park, rather than adding a new Historic Designation selection option.
