Proposed Change:	<ul style="list-style-type: none"> ▪ Please add an additional filter in the FIMS adhoc reporting section. An additional filter for area would benefit sites with multiple areas. 				
Justification:	<p>Multiple DOE sites have various areas & different contractor reporting requirements so such changes/additions benefit the FIMS user. The additional filter will allow the user to pull data without deleting another contractors FIMS data from the adhoc report before sending to the person requesting the report (DOE and/or Prime Contractor).</p>
