Program Office:	NNSA			Contractor	X
Proposed Change:	Request when a building or trailer is being ARCHIVED, the gross square feet (PBLD_GROSS_SQFT) is moved into the ARCHIVE table. For archived OSFs, the unit of measure (POSF_DIMEN_CODE_1) is also moved into the ARCHIVE table.				
Justification:	<p>Need the capability to query the ARCHIVE table to retrieve gross square feet (PBLD_GROSS_SQFT) for buildings and trailers. For OSFs, need the capability to query the ARCHIVE table for dimension code (POSF_DIMEN_CODE_1).</p> <p>These fields are needed for reporting requests by internal management. Since these fields exist, it would be convenient to pull the data from one table than to go back to previous FIMS FY snapshots and fill in the blanks.</p>
