Today, Monday, November 16, 2015, version 2.26 of the Facilities Information Management System (FIMS) was released. The URL to access the FIMS application is <https://fimsweb.doe.gov>. This release addresses the following enhancements which will automatically be available when you log into FIMS from your browser.  - The Reduce the Footprint Indicator will be used to identify assets that are subject to monitoring under the Office of Management and Budget (OMB) Reduce the Footprint policy. Values for this field will be Y (Yes) or N (No).
- The following fields have been re-enabled now that the FY15 year-end snapshot has been generated.
